Portfolio: <https://portfolio-bice-nu-61.vercel.app/>

PROFILE

Passionate tech professional with 1 year of experience as **Full Stack Developer**. Enthusiastic about implementing and launching innovative projects. A former National Serviceman in Singapore with basic military training and experience as an assistant in the Signal Field at Jurong Camp 2.

WORK EXPERIENCE

Eucharist-Tech Pte. Ltd

Aug 2023 - Present

Developed and managed four applications

Desktop Applications:

- DOXA CHOREO: Designed workflows with a drag-and-drop interface, enabling users to easily create forms.
- DOXA ORCHESTRO: Managed workflows created in DOXA CHOREO.
- DOXA COLLABRO: End-user platform for interacting with workflows.
- Focused on creating a flexible, user-friendly system for form building, actor definition, nodes, and actions in a distributed, cloudless environment.

Technology: Java, Java Swing, eXistDB (XML database), SQLite, Mail Server (for transactions).

Mobile Application:

- DOXA MOBILE COLLABRO: Developed the Android version using Cordova with HTML, JavaScript, and CSS.

Caterpillar India Engineering Solution

Feb 2023 - Mar 2023

- Worked as an intern on a project called "Calculator", a web application.
- Gained hands-on experience in full-stack development, learning how to build and integrate web applications effectively.
- Technology: AngularJS, C#

PROJECTS

Coding Platform

- An online coding IDE platform designed for coding interview preparation provides users with a wide range of coding problems to practice.
- It supports multiple programming languages, including Java, Python, and C++, offering a comprehensive environment for honing coding skills.
- Technology: React.js, MongoDB, AWS.

Pet Shop Application

- A pet shop mobile app designed for buying and selling pets, featuring key functionalities like real-time conversations between buyers and sellers, as well as the ability to share reels (short videos) of pets.
- Technology: React Native, Tailwind CSS, Firebase

Face Completion and Super Resolution of occluded Images Using GAN

- Proposed a two-step approach leveraging Deep Convolutional Generative Adversarial Networks (DCGAN) for face completion and Super Resolution Generative Adversarial Networks (SRGAN) for enhancing image resolution.
- Additionally, implemented a conditional GAN to generate frontal face views for improved facial image synthesis.
- Technology: Deep Learning, Python, Web flask, Anaconda navigator

Smart Toilet Alert Management and Prediction Using Data Analysis

- Developed an Android application that alerts the concerned person by monitoring gas levels from a microcontroller via Firebase. The app also provides predictive analysis of future gas levels.
- Technologies Used: Java, Android Studio, Firebase, XML, Arduino

Food Reservation Android App for Waiter

- Created an application designed to help waiters easily take and manage food orders from customers, enhancing the efficiency of restaurant operations.
- Technologies Used: JAVA, ANDROID STUDIO, FIREBASE

EDUCATION

COLLEGE OF ENGINEERING GUINDY

2019-2023

- B.Tech. - Information Technology
- CGPA: 8.4

LAUREL HIGHER SECONDARY SCHOOL, THANJAVUR

2015-2017

- 12th standard (Tamil Nadu State Board): 88.5%

LAUREL HIGHER SECONDARY SCHOOL, THANJAVUR

2014-2015

- 10th standard (Tamil Nadu State Board): 97.2%

SKILLS

- Programming Languages: Java, JavaScript, C#, Python
- Web Development: ASP.NET, React
- Mobile Development: React Native, Cordavo, Capacitor
- Desktop Application Development: Java Swing
- Database Management: SQL, Firebase, eXistDB (XML database), MongoDB
- Data Science: Data Analysis, Deep Learning
- Tools: Android Studio, Arduino, Jupyter Notebook, Expo
- Soft Skills: Leadership, Analytical Thinking, Creative Solutions, Communication

ROLES AND RESPONSIBILITIES

- Chairman of ISTA at Anna University (2023), led national-level symposiums I++ and ITRIX
- Organized and managed 10 technical event teams for ISTA-ITRIX 2022
- Served as Corporal First Class (CFC) in the Singapore Armed Forces, supporting training operations and administrative tasks at the Infantry Training Institute, Jurong Camp 2

LANGUAGES

- English (Fluent)
- Tamil (Fluent)
